This inset map provides a detailed view of a specific area within the Laignelet commune. It shows various sewerage zones, including orange areas (IAUE), pink areas (IAUL), and purple areas (dgs_carreaux_ppe_partenaire_). The map also displays the sewerage network, including main lines (red) and branchings (blue), and several pumping stations (black circles with red dots). The map is overlaid on a satellite image, showing the surrounding landscape and roads.

This main map shows the entire Laignelet commune, divided into various sewerage zones. The zones are color-coded: orange for IAUE, pink for IAUL, and purple for dgs_carreaux_ppe_partenaire_. The map also displays the sewerage network, including main lines (red) and branchings (blue), and several pumping stations (black circles with red dots). The map is overlaid on a satellite image, showing the surrounding landscape and roads. The map is titled 'ZONAGE D'ASSAINISSEMENT DES EAUX USEES' and 'Actualisation de l'étude de zonage Carte de zonage d'assainissement collectif'. It includes a scale bar (0 to 360 m) and a north arrow.
